## CONCERNS OF THE DISTRICT

Bids Opened for Improvements to  
Streets in the Northeast.

## NUISANCES MUST BE ABATED

Applications for Liquor License Being Re-  
turned by the Police—Chief Parrie Sug-  
gests Additional Fire Plugs—Order Pro-  
hibiting Sunday Parade of Bands.

The attorney for the District has submitted to the Commissioners the draft of a bill for reference to Congress providing that the owner or owners, occupant or occupants, or any person having the care of any unimproved lot or land bordering on any street, alley, avenue, square, or public place within the cities of Washington and Georgetown and their more densely populated suburbs where there is a sidewalk, graded and paved, shall protect such lots and the parking in front of the same, so as to prevent the nuisance of dirt, sand, gravel, or rubbish falling or being washed therefrom on the sidewalks or alleys. Violations are to be punished by fine in the police court in any sum not exceeding \$10 and costs.

Provision is made for the proper service of notices in such cases, and where the necessary work for such protection shall not be done, in cases of the non-residence of owners, the matter shall be attended to by direction of the Commissioners at the cost of the property, assessment and collectible in the manner prescribed by law.

Sealed proposals for graveling Fifteenth and C streets northward and for macadamizing M street northward, as advertised, were opened at the District building yesterday with the following results:

Fifteenth and C streets bids in order from M. F. Tally, 50 cents per square yard; Husey & Brown, (Fifteenth street only), 82 cents; Alby, McGraw & Mahone, 94 cents; John E. Lyons, 99 cents; and 74 cents, respectively. Andrew Gleason, 63 cents and 64 cents; Buckley & Largay, 59 and 74 cents; Charles Eskin, 61 and 65 cents, and Washington Asphalt and Tile Company, 67 and 69 cents.

For macadamizing M street—M. F. Tally, 79 cents per square yard; Alby, McGraw & Mahone, 94 cents; Andrew Gleason, 63 cents; Buckley & Largay, 66 cents, and Charles Eskin, 85 cents.

From Chief Parrie's report for the month of October, it is learned that there were sixteen alarms of fire during the month, an increase of one over the preceding month and a decrease of two from the record of October, 1893. The losses incurred last month amounted to \$4,895, insurance, \$4,895, as against \$67,201 and \$33,200 insurance the preceding month.

The chief recommends that fire plugs be located at Marion and H streets and another on R street, between Thirteenth and Fourteenth streets. Upon the order of the superintendent of the telephone and telegraph service a new plug will be placed at Twenty-sixth and D streets.

A delegation headed by Rev. S. M. Newman, D. D., pastor of the First Congregational Church, consisting of Rev. J. H. Daley, pastor of the People's Congregational Church, on O street, between Seventh and Eighth streets; Henry W. Chase, and Robert White, appeared before the Commissioners yesterday to appeal from the decision of Leonard Clark Montgomery, who refused to give a free permit for holding a fair and bazaar for the benefit of the People's Congregational Church. Commissioner Ross instructed the delegation to send in their complaint in writing, and that it would receive immediate attention.

The number of cases returned by the police department of applications for liquor license aggregated eighty-five at the close of business yesterday. The permits received so far number twenty-nine. All the returned papers have been referred to the assessor's office to the executive board, and the applications will be disposed of at the meeting to be held next Tuesday. The board held no meeting yesterday.

The Commissioners have issued an order prohibiting the parade of bands of music of all classes upon the streets or other public thoroughfares on Sunday. This action was motivated by Tax Takers in an issue of a week or more ago.

Mrs. Emily Elson Bridges has asked that the Commissioners consent to become an advisory board of the educational institution recently established in square 575, Capitol Hill, and that the school be exempted from taxation. A number of free-scholarships are to be awarded under conditions to be approved by the Commissioners.

Mrs. Delva A. Lockwood recently requested of the Commissioners an appointment as one of the lady managers of the District exhibit at the Atlanta exposition in September, 1895. The Commissioners replied by requesting Mrs. Lockwood to inform them to their authority to make such an appointment.

Capt. Leroy has recommended to the Commissioners that seven be held in Hall street between M and N streets southwest and in alley of square 612. He further recommends that these seven be necessary for public health, and that they be constructed notwithstanding the objections received.

D. H. Thompson has requested the Commissioners to place elm trees on G street northeast, west of Maryland avenue, and also around the schoolhouse at the corner of Fourteenth and G streets northeast.

HEIRS REFUSED TO ADVISE.  
Washington Hurley's Widow Therefore  
Sues Them for a Settlement.

Maldine R. Hurley yesterday sued George W. Hurley and others for the sale of part of lot No. 15 in square No. 86 to determine their share and to settle the estate of the late Washington S. Hurley, who died in July, 1893.

She is the widow and executrix under the will of Washington Hurley, and the defendants are the heirs. She has asked their advice as to what disposal shall be made of the property and they have refused to advise.
